VNL Player Movement Policy

The purpose of this Player Movement Policy is to assist in the decision making when a playing position becomes available in a squad, and the position cannot be filled by a player who is currently in that squad.

Should a coach request 'player movement' they must provide the following detail to the Championship Head Coach:

1. Specific position that is required. For example, GA/WA.
2. The role you need this position to for fill. For example, a sweeping GA.
3. The amount of court time you expect this player to receive.
4. The number of games you require this 'player movement'.
5. The name of the athlete you wish to 'move'

This information will then be discussed between the Championship Head Coach, the coach requesting the 'player movement' and the regular coach of the player. A final decision will be made based on the following:

1. Performance.
2. Amount of court time.
3. Match times
4. Impact on the players regular team
5. The club game plan

Should there be any dissension relating to the decision, the relevant coaches will discuss the matter with the VNL Coach Mentor who will make the final decision based on what is the best outcome for the club and athlete concerned.

In the first instance the below flow chart will provide some guidance as to what athlete should be looked at for the 'move'. This does not necessarily determine the final decision.
